

Clean your hands word scramble

Time: 15 minutes

Materials

- Clean your hands word scramble worksheet
- Clean your hands word scramble answer sheet
- Pencil

Instructions

- Distribute a word scramble worksheet to each of the students.
- Instruct students to complete the statements by writing the correct word on the line.
 - Inform students that the correct responses are located in the left column next to each of the statements. To determine the correct response, they will have to draw on what they already know about hand washing and un-scramble the words in the left column.
 - Inform students that all correct responses can be located in the word bank at the bottom of the page

Variation

- Make the activity more challenging by removing the scrambled words in the left column
- Make the activity even more challenging by removing the scrambled words and the word bank from the worksheet.
