

Cannabis Trivia Game

Materials

- Tennis ball
- Bell or buzzer
- Chalk or white board markers
- [Cannabis Trivia Sheet](#)

Instructions

- Divide the class into 3-5 groups and provide each with either a bell or buzzer. Have each group create a team name
- Then, on the board, write down each team name so that you can keep track of the score
- Each question answered correctly is one point. Bonus questions answered correctly are 5 points
- Read out a question from the *Cannabis Trivia Sheet*, and the first team to hit the buzzer or ring the bell will answer the question
- If the team answers the question wrong, another team may ring their bell/buzzer and will have the opportunity to steal the point.
- The team with the most points at the end of the game wins

Variations

- Have students stand in a circle
- One student will start with the tennis ball. Ask them a question from the *Cannabis Trivia Sheet*
- If the student answers the question correctly, they use an underhand throw to pass the ball to another student. They will then remain standing
- If a student does not catch the ball or answers the question incorrectly, they must sit down until the next round
- The last person to remain standing wins!
