

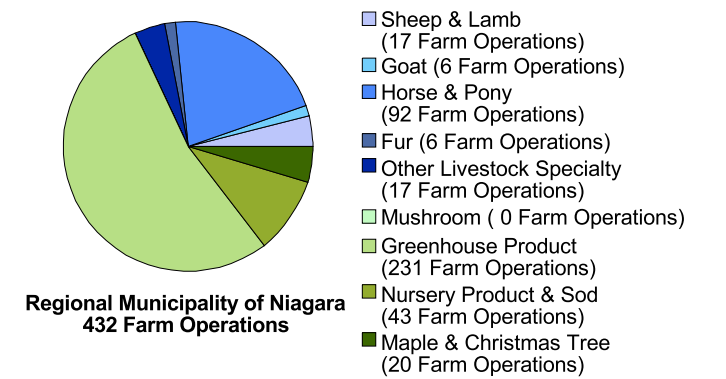

Figure 4.22
- REGIONAL MUNICIPALITY OF NIAGARA -
Miscellaneous Specialty by Number of Farms
by Area Municipality, 2001

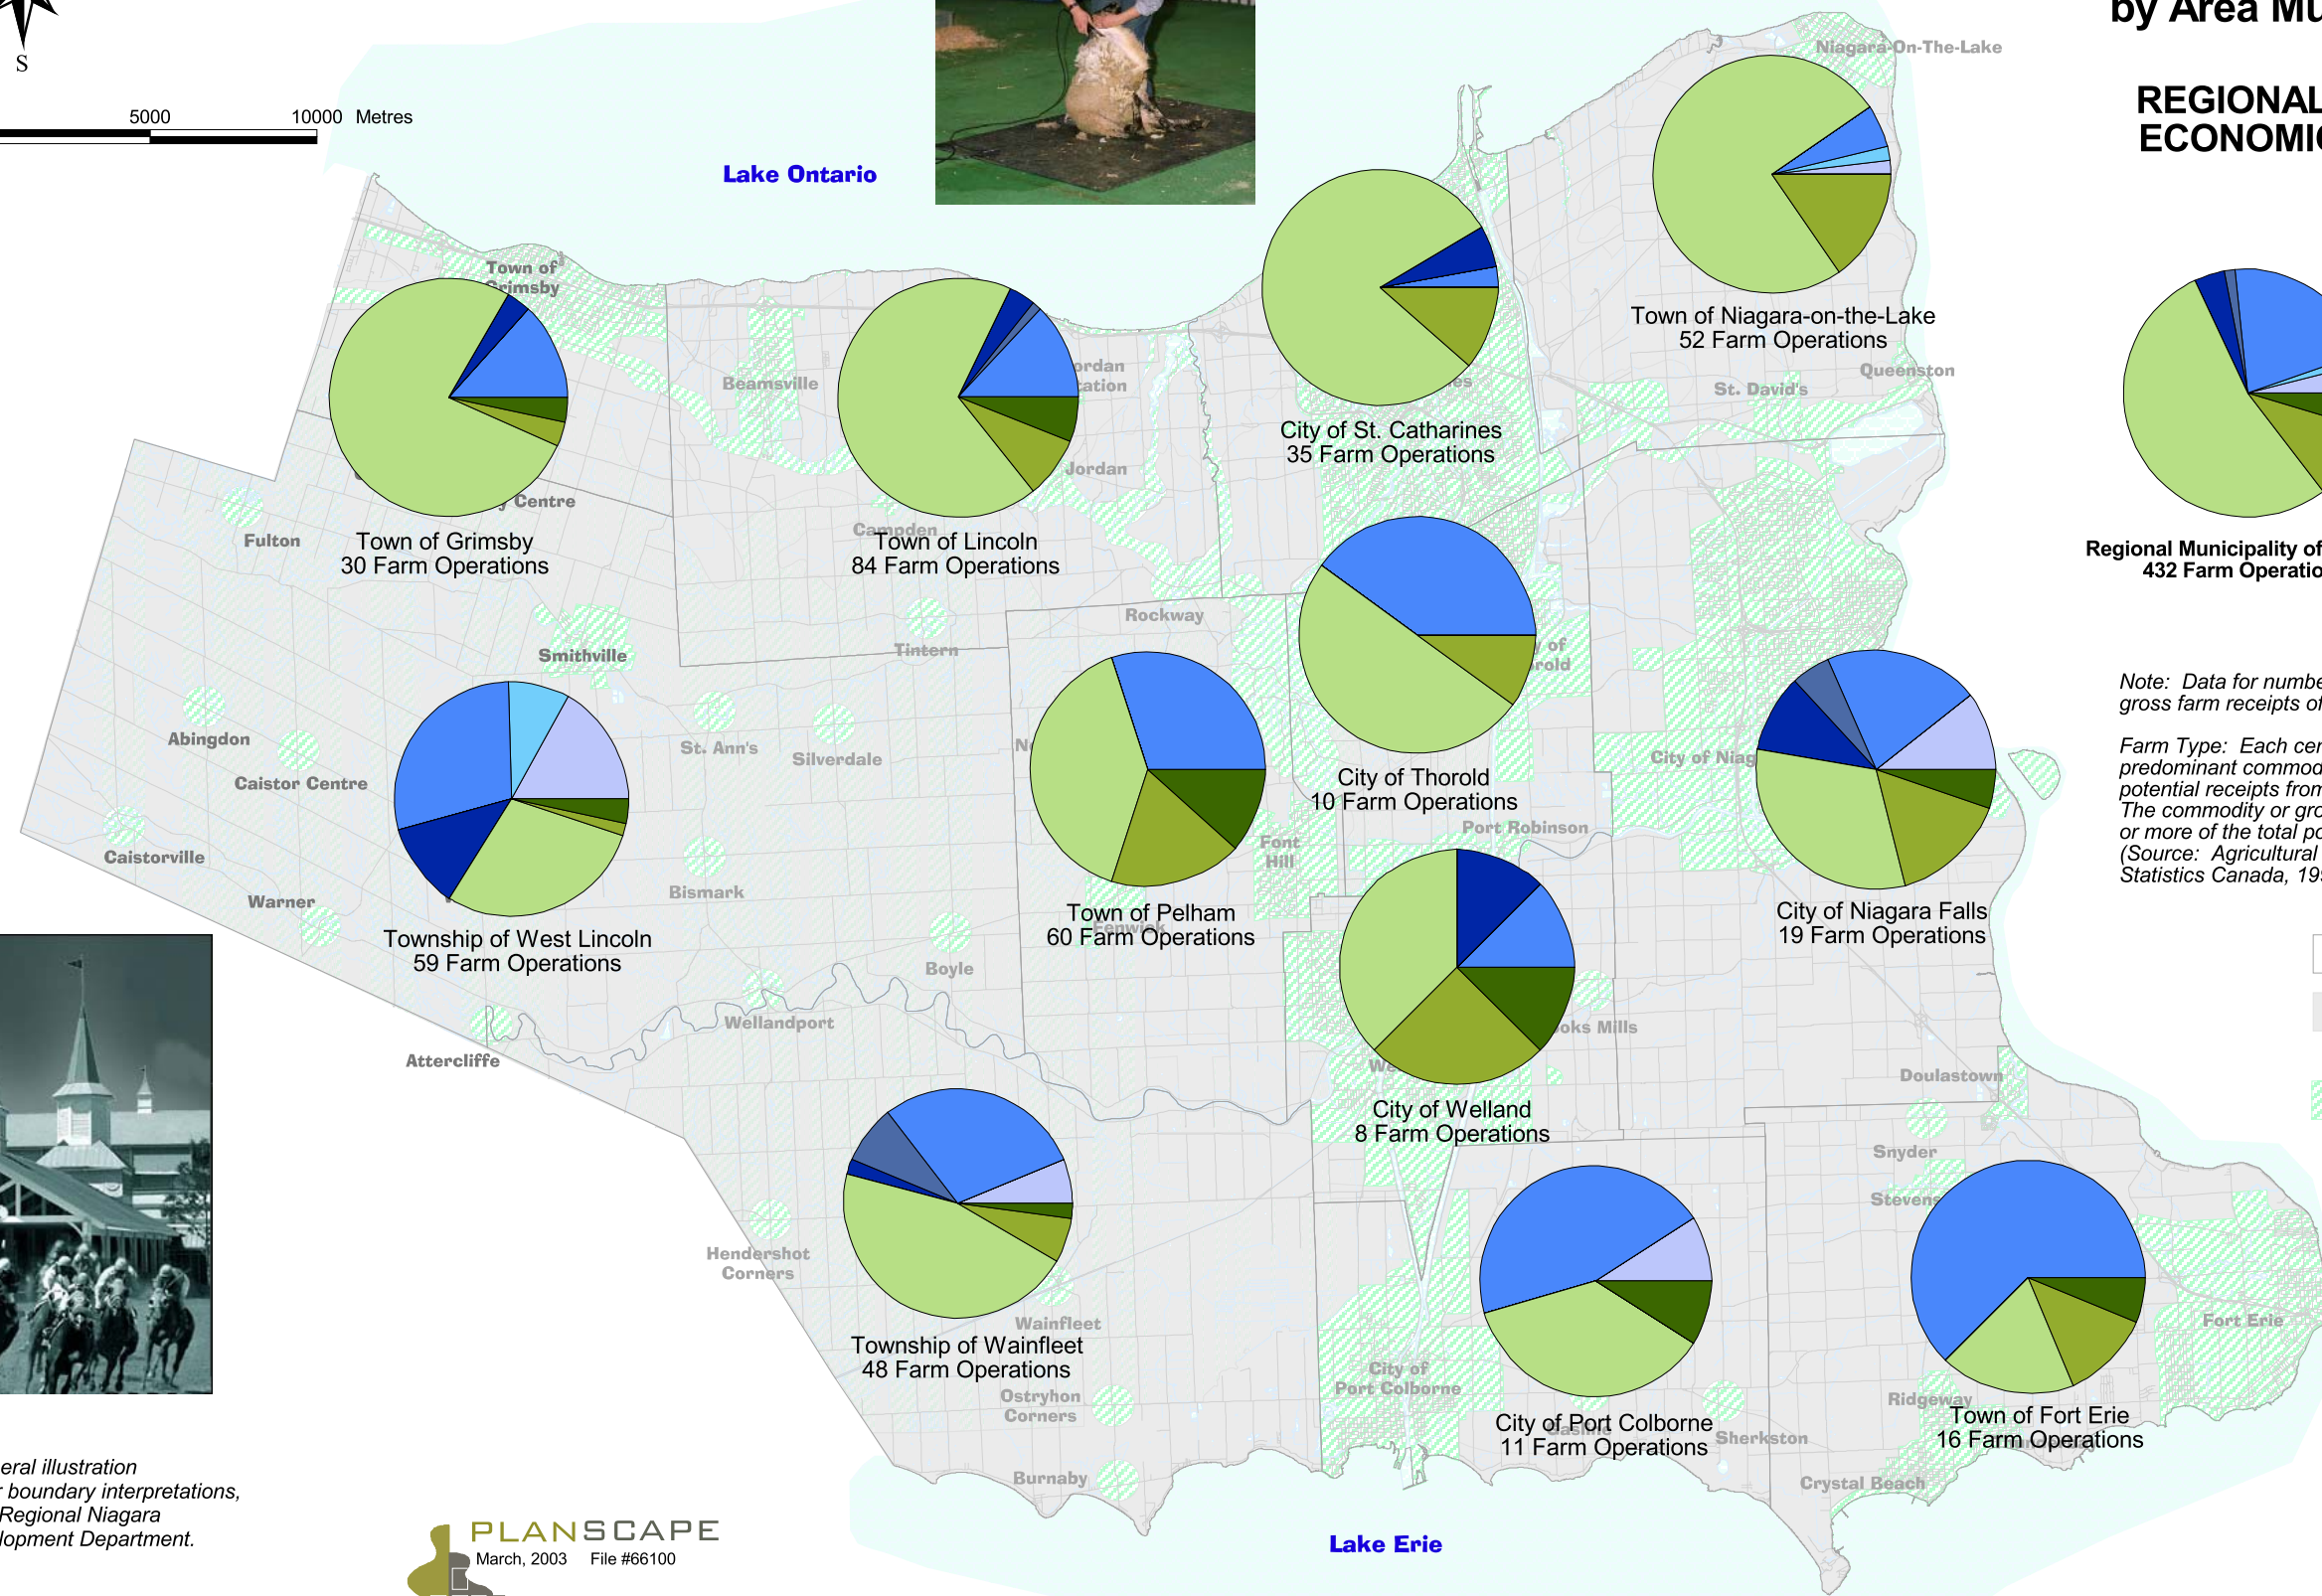

REGIONAL AGRICULTURAL ECONOMIC IMPACT STUDY

Note: Data for number of farms is calculated on farms reporting gross farm receipts of \$2,500 and over (2001 Statistics Canada)

Farm Type: Each census farm is classified according to the predominant commodity produced. This is done by estimating the potential receipts from the inventories of crops and livestock reported. The commodity or groups of commodities that account for 51% or more of the total potential receipts determines the farm type. (Source: Agricultural Profile of Ontario, Catalogue No. 95-177-XPB, Statistics Canada, 1996.)

- Municipal Boundaries
- Agricultural Areas (compiled from Regional Niagara Policy Plan)
- Urban Areas, General Location of Designated Hamlets, and some Environmental Areas
