

Niagara Irrigation Initiative Project

Notice of Project Kick-Off Information Session

Feasibility, Costing, and Preliminary Design Study for a New Piped Irrigation System in Lincoln and West St. Catharines

The Project

Niagara's specialty crop lands are one of only a few areas in Canada with climate and soil conditions suitable for high value crops, such as grapes and tender fruit. The impacts of climate change, such as drought conditions, have highlighted the need for improved irrigation infrastructure across Niagara. A need has been identified for a new piped irrigation system in Lincoln and west St. Catharines.

Map of Study Area

To further advance a new piped system in the Lincoln and St. Catharines area, a Feasibility, Costing, and Preliminary Design Study is required.

Please Join Us – Your Input is Required

The Project Steering Committee, supported by Niagara Region staff, will be hosting an information session on Wednesday **July 23, 2025**.

The purpose of the session is for **growers, producers, greenhouse operators, and agricultural landowners who have an interest in irrigation** to learn more, and meet the project team.

The session will also be an opportunity to sign-up to ensure that you are kept up-to-date on the progress of the study, and that your input is collected at key points throughout the process.

Please drop in anytime between 3:00-5:00 pm or 6:00-8:00 pm:

**Vineland Growers Main Office
2505 Fourth Ave.
Jordan Station, ON**

The project is currently in the kick-off phase and will include:

- An EA like evaluation of options
- Preliminary Design
- Cost Estimate Study
- Consultation and Engagement
- Considerations and Next Steps

<p>If you are interested in the project but cannot attend, please e-mail us at: irrigation@niagararegion.ca and we will include you on the contact list.</p>	<p>For additional information please contact: Sean Norman, PMP, MCIP, RPP Senior Planner Niagara Region 905-980-6000 ext. 3179 sean.norman@niagararegion.ca</p>
