

Read the clues and write your answer in the puzzle, starting in the square that has the same number as the clue. Make sure your answer works both across and down. Using the words listed in the word bank below, fill in as much of the puzzle as you can.

#### Across

3. The glands that store the ovum (egg)
4. Where the feces (poo) leaves the body
6. Urine (pee) leaves the body through this tube
8. Tubes that connect each ovary to the uterus
9. The lower part of the uterus

#### Down

1. Where a fetus (baby) grows and develops
2. A sac that holds the urine (pee)
3. The female (girl) reproductive cell
5. Outer folds of skin between the legs
7. Passageway leading from the uterus to the outside of the body
