Immunization Record Reminder Notice

November 6, 2026

To the Parent/Legal Guardian of:
«First_Name» «Last_Name»
«Street_Address»
«City», ON «Postal_Code»

D.O.B. «Date_of_Birth»
Ontario Immunization ID:
«Ontario_Immunization_ID»
School: «School_Daycare»

Dear Parent / Guardian:

You are receiving this notice because Public Health needs more information about your child's immunizations for the following disease(s): **«DiseasesAgents»**

This does not necessarily mean your child is missing a vaccine. We may be missing immunization records or need more details about the vaccines your child has already received.

What to do next:

1. Review your child's immunization record on the back of this page
2. Read pages 3 and 4 for next steps
3. Follow the instructions that apply to your child

Your privacy
To learn how Public Health collects and uses personal health information, read our Notice of Personal Health Information Practices online at niagararegion.ca/government-and-council/accountability-and-transparency/personal-health-information-practices/ or call our Privacy Office at **905-980-6000**.

SAMPLE

Student Immunization Record

This is the immunization record Public Health has on file for your child. Bring it to your child's vaccination appointment.

Re: Need More Information About Your Child's Immunizations

What should I do?

Review the student immunization record on page 2. Compare it with your child's yellow immunization card or other vaccination records.

My child has already received vaccine(s)

Report the vaccine(s) information to Public Health.

Scan the QR code to report them online through Immunization Connect (ICON)

If you can't scan the QR code, search "Niagara ICON" online.

Visit **niagararegion.ca** for other ways to report your child's vaccinations.

My child still needs vaccine(s)

If your child is missing vaccine(s), or you are not sure which ones they need, contact your child's family doctor or nurse practitioner. If you don't have one, go to a walk-in clinic. Bring the student immunization record on page 2 with you. After your visit, report any vaccine(s) your child receives to Public Health.

Need more information?

Visit **niagararegion.ca to learn about:**

- Reporting vaccinations, including how to use ICON
- Where to get your child vaccinated
- Vaccine exemptions

Call Public Health at 905-688-8248 or 1-888-505-6074 ext. 7425 if:

- You need help understanding this notice

905-688-8248 Toll-free: 1-800-263-7248

SAMPLE

- The student immunization record on page 2 is blank
- You are having trouble getting your child vaccinated
- You need service in another language
- You submitted an exemption and still received this notice

Have this notice with you when you call.

What happens next

If Public Health doesn't receive the information needed to update your child's immunization record, you may receive another notice in February.

Why did Public Health send this notice?

In Ontario, Public Health must have an up-to-date immunization record or valid exemption on file for every student under 18 years of age attending school. Parents and legal guardians are responsible for reporting their child's vaccinations to Public Health or completing a valid exemption.

Thank you for reviewing this notice and updating your child's immunization information with Public Health.
