Memorandum

CWCD 2026-164

Subject: Summary of Active Bid Solicitations

Date: Friday, July 17, 2026

To: Regional Council

From: Bart Menage, Director, Procurement Services

Please be advised that the Bid Solicitations included in Appendix 1 are currently active.

As per the Procurement By-law 2025-57, section 19. Reporting, item 19.1 The Director, Procurement Services shall:

(a) report to Council on a weekly basis via Councillor Weekly Correspondence Distribution:

(i) a summary of active Bid Solicitations.

Respectfully submitted and signed by

Bart Menage
Director, Procurement Services

Appendices

Appendix 1 Summary of Active Bid Solicitations

Bid Number	Name	Closing Date
2025-T-189	Road Reconstruction on Regional Road 49 (McLeod Road) from Oakwood Drive to Wilson Crescent in the City of Niagara Falls	July 16, 2026
2026-RFP-25	High-Voltage Electrical Services	July 16, 2026
2026-RFP-74	Supported Transitional Housing	July 17, 2026
2026-RFP-86	Microwave Radio Replacement Project for the Niagara Regional Police Service	July 17, 2026
2026-T-77	Wilhelm Road Railway Bridge Pier Repairs on Regional Road 98 (Wilhelm Road) in the City of Port Colborne	July 21, 2026
2026-T-100	Manufacture, Supply, and Delivery of Organics Collection Containers	July 22, 2026
2026-RFSQ-98	Winter and Summer Grounds Maintenance for Niagara Region facilities	July 27, 2026
2026-Q-107	Biggar Lagoons SPS Piping Replacement Design	July 28, 2026

2026-RFP-94	Consulting Assignment to Undertake a Comprehensive Environmental Assessment for the Niagara Escarpment Crossing in the Towns of Grimsby and Lincoln and the Township of West Lincoln	August 04, 2026
2026-RFP-114	Railway Grade Crossing Safety Assessment	August 11, 2026
2026-T-103	Removal and Replacement of Wooden Stairs and Ramp on Buildings at the Humberstone and Niagara Road 12 Landfill sites	August 11, 2026

Memorandum

CWCD 2026-165

Subject: Responsibilities Downloaded to the Region from the Province

Date: July 17, 2026

To: Regional Council

From: Tim Ellis, Commissioner /Treasurer, Corporate Services

The purpose of the memorandum is to respond to Council direction at the February 26, 2026, meeting of Committee of the Whole regarding the responsibilities downloaded to the Region from the Province.

This memorandum outlines material financial impacts arising from provincial decisions made since 2022, including direct impacts of legislative and regulatory changes, changes affecting Regional revenues and cost recovery, and indirect impacts requiring additional Regional investment in response to growth expectations, service obligations, or demand pressures where provincial funding has been limited or has not kept pace with costs.

This memorandum is not a comprehensive reconstruction of all provincial decisions made since 2022, as not all impacts can be isolated. The examples that follow are illustrative rather than exhaustive. In several areas, the financial impact may reflect a combination of provincial funding limitations and Council-directed investments made to respond to local needs. The Region's ongoing Core Services Review is expected to provide additional insight into the drivers of these financial impacts.

Revenue and Cost Recovery Impacts

Development Charge Eligibility, Exemptions and Deferred Revenue Impacts

Amendments to the Development Charges Act, 1997 (DCA) since 2022 have been significant. In particular, Bill 23, More Homes Built Faster Act, 2022 and Bill 17, Protect Ontario by Building Faster and Smarter Act, 2025 have expanded legislated development charge (DC) exemptions, discounts and deferrals which significantly reduce the Region's ability to fund growth-related infrastructure.

Bill 23, More Homes Built Faster Act, 2022 materially reduced the Region's ability to recover growth-related costs through DCs. These changes removed housing services

as a development charge eligible service, introduced mandatory exemptions and discounts for specified residential development, phased-in the Region's DC rates and deferred the timing of collections for certain residential development. Bill 23 has resulted in an estimated \$38.9 million cost to the Region since its implementation in November 2022. Niagara's current DC schedule reflects these changes, with housing services now shown at a zero charge. The result is a direct shift of growth-related costs away from development charges and onto other funding sources, including reserves, debt, rate-supported financing and the general tax levy.

Bill 17, *Protect Ontario by Building Faster and Smarter Act, 2025*, introduced additional changes to the DCA which further reduce the Region's ability to recover growth related infrastructure costs through DCs. These amendments include a new mandatory exemption for non-profit long-term care homes, expanded provisions for deferred DC payment timing for residential development and reduced authority for municipalities to charge interest on deferred DCs. Bill 17 resulted in \$2.2 million in new mandatory DC exemptions in 2025. In 2026, the Region is also experiencing the impact of deferred DC collections, as payments are now collected at occupancy rather than permit issuance. This change has significantly reduced the timing and amount of monthly DC cash inflows, creating increased cash flow pressures for the Region. Growth continues to generate infrastructure costs regardless of whether DCs are collected. As a result, the Region must budget to fund mandatory DC exemptions through the annual budget process while continuing to provide the infrastructure required to support growth and enable new housing.

Expanded DC payment deferrals delay the receipt of DC revenues, while the Region remains responsible for financing and delivering growth-related infrastructure. Without funding from other levels of government to support infrastructure readiness, the Region may need to reprioritize capital projects or increase reliance on debt. In addition, Bill 17 prohibits municipalities from charging interest on deferred DCs accrued after November 2, 2025, further limiting the Region's ability to offset financing costs associated with delayed collections. As a result, deferred DC payments create funding gaps that increase borrowing requirements and financing costs until the revenues are ultimately received.

Housing-Enabling Infrastructure and Ratepayer Impacts

Provincial housing supply objectives continue to require significant investment in growth-enabling infrastructure, while legislative changes have constrained municipal cost recovery tools. Niagara Region has identified provincial and federal co-investment

in the South Niagara Wastewater Treatment Solutions project as a critical priority to support planned growth.

The Region's recent application to the Province's Development Charge Reduction Program (DCRP) seeks to replace development charge revenue that would otherwise be used to finance growth-related infrastructure. If approved, the funding would help offset the financial impacts of mandatory development charge reductions and exemptions, reducing the Region's reliance on debt and limiting pressure on tax- and rate-supported revenues. However, the infrastructure costs remain, and any portion not funded through development charges or provincial grants must continue to be financed by the Region, resulting in ongoing financial impacts to taxpayers and ratepayers.

Automated Speed Enforcement Prohibition and Program Impacts

Provincial repeal of municipal authority to operate Automated Speed Enforcement created a direct program and financial impact for the Region. Bill 56, Building a More Competitive Economy Act, 2025 repealed municipal ASE authority in Ontario, and Niagara removed all “Municipal Speed Camera In-Use” signs before November 14, 2025. This ended a program that had demonstrably improved road safety in Niagara and had generated revenues used first to offset program costs and then to fund road safety initiatives. The financial impact is primarily the need to reduce service levels or identify alternative funding sources for related road safety measures going forward.

Program Areas Where Costs, Demand, and Service Expectations Are Outpacing Funding

Niagara is experiencing pressure in Region-delivered services where the Province primarily sets program expectations but municipal levy support is increasingly required to address inflation, wage settlements, complexity of need, and growth in service demand. In some cases, Council has also made investments to enhance service levels in response to local need, which may extend beyond minimum mandated requirements. As a result, the financial pressure in these service areas reflect both provincial funding shortfalls and Council-directed service decisions. Examples include:

- **Long-Term Care**
Regional levy support for long-term care has increased due to the capital impact of recent long-term care home redevelopments. Provincial funding did not fully cover redevelopment costs, resulting in ongoing Regional support for debt financing.

- **Housing Services and Niagara Regional Housing (NRH)**
Regional levy support for housing services and NRH has increased due to operating pressures, capital repair and renewal requirements, and sustained demand for affordable and community housing. These pressures reflect a combination of provincial funding limitations and Council-supported investments, such as the Consolidated Housing Master Plan and housing provider subsidies, to respond to community need.
- **Homelessness Services**
Regional levy support for homelessness services has increased in response to shelter demand, outreach, housing instability, and complex client needs. This pressure reflects both external system demand and Regional service responses approved to address local needs.

Overall, the Region's financial pressures reflect a combination of direct legislative and regulatory changes, indirect impacts arising from provincial policy decisions, and program areas where funding has not kept pace with service requirements or local demand.

This memo provides a cumulative assessment of financial impacts associated with provincial decisions made since 2022. The scope includes direct financial impacts of provincial legislative and regulatory changes, as well as indirect impacts of provincial policy, such as Council decisions and Regional investments made to address provincial growth expectations and meet service demands where funding was insufficient.

Respectfully submitted and signed by

Tim Ellis

Memorandum

CWCD 2026-168

Subject: Development Charge Reduction Program Update

Date: Friday, July 17, 2026

To: Regional Council

From: Ron Tripp, Chief Administrative Officer

The purpose of this memo is to provide Council with an update on the status of Niagara Region's applications to the Government of Ontario's Development Charge Reduction Program (DCRP).

DCRP Key Dates and Deadlines

- **March 30, 2026:** The Government of Canada and Government of Ontario established the Canada-Ontario Partnership to Build to enable housing and infrastructure that will benefit both the provincial and national economy.
- **June 1, 2026:** Through the partnership, several co-operatives were launched including the DCRP. As an \$8.8 billion fund, the DCRP will support municipalities in introducing large-scale housing-enabling infrastructure.
- **June 19, 2026:** DCRP application intake closed.
- **August 15, 2026:** Transfer Payment Agreement (TPA) execution deadline for successful applicants, as per DCRP guidelines.

Summary of Actions Taken

As per CWCD 2026-136, Niagara Region has submitted an application to the DCRP to pursue funding for the South Niagara Wastewater Treatment Plant, Outfall and Trunk Sewer Project. Following staff analysis of program criteria, this project was identified as the strongest candidate for submission given its alignment with timelines requirements and its tie to enabling new housing.

Following discussions with the Township of West Lincoln, the Region also submitted a separate application for three sanitary projects, one water project and a roads project that will fast track growth in West Niagara. Further details on this application were provided to Council through CWCD 2026-146.

Next Steps

As of July 17, 2026, Niagara Region has not received a response regarding either of its DCRP applications. Should Niagara be successful, Council will need to approve several actions to ensure the program's August 15, 2026 TPA execution deadline is met.

As communicated through CWCD 2026-136 and CWCD 2026-146 the amendments and decisions outlined below will be presented at a Special Council meeting on July 30.

- **Budget Amendments** to reflect project cost adjustments for the South Niagara Wastewater Treatment Plant, Outfall and Trunk Sewer.
- **Capital Budget Amendments** to reflect funding received for DCRP project applications.
- **Operating Rate Budget Adjustments** to reflect monies received in 2026 through the DCRP.
- **Residential Development Charge Reductions** reflective of a 50 per cent reduction for three years. Staff are reviewing the best mechanism for supporting this change.
- **Increasing Growth Percentage for the South Niagara Wastewater Treatment Solution project** to reflect updated analysis based on the detailed design.
- **Delegated Authority** to give the CAO authority to sign the TPA by the required August 15 deadline.
- **Debt authorization** for the West Lincoln projects.

As the Region has not yet heard from the Government concerning the status of its application, the report and associated presentation and appendices will be made available to Council closer to the July 30 Special Council meeting.

Respectfully submitted and signed by

Ron Tripp, P.Eng.
Chief Administrative Officer

July 15, 2026

CWCD 2026-169

SENT ELECTRONICALLY

To the Niagara Region,

Re: 15.1 Resolution Respecting Temporary Housing Shelter Support

Please be advised that the Council of the Corporation of the City of Thorold, at its meeting held on July 14, 2026, considered the aforementioned topic and passed the following resolution:

WHEREAS individuals and families fleeing intimate partner violence require access to safe and supportive emergency and transitional housing options;

AND WHEREAS parents fleeing abuse with multiple children may face additional barriers in accessing appropriate shelter and housing supports due to the size and composition of their family;

AND WHEREAS successful recovery from abuse is supported not only by safe housing, but also by access to appropriate transitional and support services;

AND WHEREAS access to such services is a regional responsibility and is critical to supporting vulnerable residents and families across the Region of Niagara;

AND WHEREAS the City of Thorold is strategically located within Niagara Region and is well-positioned to support access to regional shelter and transitional housing services, including counselling, healthcare, employment supports, and childcare services;

AND WHEREAS the City recognizes the potential benefits of having a shelter or transitional housing facility located within the municipality to improve access to services for those in need;

NOW THEREFORE BE IT RESOLVED THAT the Corporation of the City of Thorold enacts as follows:

1. That Thorold City Council **SUPPORTS** the exploration of a shelter and/or transitional housing facility within the City of Thorold for individuals and families fleeing intimate partner violence, including accommodations that can appropriately support parents with multiple children;

2. That Thorold City Council **AFFIRMS** its willingness to work collaboratively with the Region, service providers, and community partners to explore opportunities that may facilitate the establishment of such a facility within the City;
3. That Thorold City Council **RECOGNIZES** that shelter and homelessness services are a Regional responsibility, and City staff **BE AUTHORIZED** to collaborate with and support Regional staff in any Region-led exploration of opportunities related to the establishment of a shelter and/or transitional housing facility within the City of Thorold; and
4. That a copy of this resolution **BE FORWARDED** to:
 - The Premier of Ontario
 - The Ontario Minister of Municipal Affairs and Housing
 - The Ontario Minister of Children, Community and Social Services
 - The Ontario Minister of Health
 - The Attorney General of Ontario
 - Local Members of Provincial Parliament
 - Niagara Region
 - Niagara Regional Council
 - Local housing authorities

Thank you,

Nicholas Debono
City Clerk, City of Thorold

July 10, 2026

c/o Regional Chair's Office Members of Regional Council
Regional Municipality of Niagara
2201 St David's Road
Thorold, ON L2V 4T7

Dear Members of Regional Council,

On behalf of the Grape Growers of Ontario and in partnership with Meridian Credit Union, as well as Verge Insurance and Lakeview Vineyard Equipment, I would like to invite you to the 2026 Annual Celebrity Luncheon, which will be held on Wednesday, September 16th, at Club Roma in St. Catharines. The event will begin with a wine reception at 11:30 a.m., followed by lunch at 12 noon.

This year's celebrity guest speaker is Michael "Pinball" Clemons, Canadian Football League legend, Canadian Sports Hall of Fame inductee, philanthropist, author, and General Manager of the Toronto Argonauts. Widely recognized as one of the most respected and inspirational figures in Canadian sports, Michael earned his nickname through his electrifying playing style and went on to become one of the CFL's most celebrated athletes.

Beyond his accomplishments on the football field, Michael is known for his commitment to leadership, community service, and helping others achieve their full potential. Through the Michael "Pinball" Clemons Foundation, he has dedicated himself to supporting disadvantaged youth and building opportunities for future generations. His message of perseverance, teamwork, resilience, and purpose continues to inspire audiences across Canada and beyond. We are honoured to welcome him to this year's event.

Tickets for the luncheon are \$79.65 + HST per person or \$590 + HST for a table of 8. To reserve seats, please see the enclosed ticket order form. Immediately following the luncheon, we will proceed with the inauguration of the 2026 Grape King and, as such, will advise you of the location during the luncheon.

Sincerely,

Debbie Zimmerman
CEO, Grape Growers of Ontario
