For a record of all questions that were asked and answered live - a recording of the PIC is available on the website for the new Official Plan. <https://www.niagararegion.ca/official-plan/>

Question/Comment:	Project Team Response:
One way that urban design could be used is to protect histoic estate lots in Niagara on the Lake. Apart from heritage benefits these protect tree cover and the One Mile Creek. Regional guidelins could protect these areas in Niagara on the Lake, and perhaps similar areas in other pats of region where they exist.	Comment received. Thank you for your input.
I am from St. Catharines which still is governed by an obsolete 1965 transporation study. It would appear that design approach would be a way to make transporation less automotive centered by reducing street widths for example.	Comment received. Thank you for your input.
Thank you - short session tonight.	Comment received. Thank you for your input.
